Out Reaching

The IDEA EM Care Team has been diligently working to provide essential services to our community. Our outreach efforts have included visits to schools, street booths, and community events to promote our center and connect with families in need.

In addition to our direct support, we are committed to disseminating important information from various government departments to the public.

As Typhoon Ragasa approached Hong Kong, our team proactively implemented prevention measures. We visited families to ensure they are prepared for the storm and took steps to guarantee their safety.

We remain dedicated to supporting our community. For more information or inquiries about our services, please contact us.

About IDEA Centre

IDEA Centre is a place that provides innovative support services for ethnic minorities and connection with the local community.

Our Vision

We provide support services for the ethnic minorities and their families to develop their interests and unearth their potential, help them to build up social networks and integrate into the community.
